Barbara Persons, M.D.
PLASTIC SURGEON

Inspired by her own facial reconstruction after an accident at age twenty-five, Dr. Persons became a Plastic and Reconstructive surgeon so she could help others make the same kind of transformation that she experienced. Dr. Persons combines warm, compassionate care with the medical excellence gained during extensive training and education at UCSD, Dartmouth, University of Vermont, UC Davis, Stanford, UCSF, UNLV, and Ole Miss. These include a Breast, Aesthetic, and Laser fellowship as well as full residencies in both Plastic Surgery and General Surgery. She is excited to have recently moved to her new office and surgery center in Lafayette.

Susan Wichmann
WEALTH MANAGEMENT ADVISOR / VICE PRESIDENT

First and foremost, my clients understand that I will always act with honesty, integrity and in their best interests. They know that I am interested in long term relationships. I serve as a strategist, helping them to manage the decisions that determine their wealth while also respecting their value systems. These strategies designed and continuously monitored to protect their wealth and to reach their goals. This is my passion!
